

## **BNI TESTIMONIAL**

### **RAJ DEOKAR – PINK CONNECT**

We was in the process of reviewing our company mobile phone package, our existing supplier had submitted renewed costs and we also acquired a number of other options from direct suppliers (Vodafone, o2 etc) Pink Connect had one advantage of visiting and listening to what we personally all wished to have, the quotation was submitted professionally and quickly – the proposal gave us a saving from previous and a better service to suit our needs.

Raj has personally helped set up the phones and has answered any queries we have experienced, I would have no hesitation in recommending Raj to any of my contacts requiring a review of their company mobile phones.

Kind regards, Mark Brown
